CAPABILITY STATEMENT

INPRES

Industrial Process Reliability & Sustainability

Research group, Faculty of Chemical Engineering, Universiti Teknologi MARA (UiTM), Shah Alam, Malaysia. UiTM Entiti Kecemerlangan Tier 4, CoRe1/T4/2019(1)/FMIA(1).

01 WHO WE ARE

Seven chemical engineers, all registered Professional Engineers with the Board of Engineers Malaysia; four are ASEAN Chartered Professional Engineers, and Prof. Zulkifli is a DOSH-registered CIMAH competent person. UiTM Centre of Excellence (Tier 4) since 2019. Head: Assoc. Prof. Ir. Dr. Azil Bahari Alias, Dean of the Faculty of Chemical Engineering.

02 SERVICES

- CIMAH safety reports; toxic, flammable and explosion assessments
- Quantitative risk assessment, consequence modelling, facility siting, inherent safety
- Hazardous area classification, including combustible dust
- Corrosion coupon analysis and interpretation; inhibitor efficiency testing; top-of-line corrosion studies
- Material qualification testing for transmission equipment
- Lab-scale process validation and optimisation, with mass balance and P&ID
- Wastewater, air pollution control and adsorbent development
- Biochar, activated carbon and waste-to-energy studies
- Industry training: CIMAH, quantitative risk assessment, pipeline corrosion in CO2 and H2S, plant operator programmes

03 TRACK RECORD

138
industry projects, RM 10.9M

154
research grants, RM 11.3M

72
clients

893
research outputs, 387 indexed

82
postgraduates

04 SECTORS SERVED

Oil and gas terminals and refining · chemicals and chlor-alkali · rubber gloves · oleochemicals and biodiesel · semiconductors and electronics · power transmission · ports and bulk liquid storage

05 SELECTED CLIENTS

PETRONAS Dagangan, PETRONAS Research, TNB Research, Top Glove, Clariant, Hextar Kimia, Rohrback Cosasco Systems UK, Malay-Sino Chemical Industries, Venator, Toray Plastics, Infineon, Sarawak Energy, Sime Darby Oils, Westports, SGS, Emery Oleochemicals

From UiTM Expert

06 PROFESSIONAL STANDING

- 7 x Professional Engineer, Board of Engineers Malaysia
